

# Auto-Substantiation for FSA and HRA

Tired of ALL of the paperwork involved in manually submitting Explanation of Benefits (EOB) or receipts for healthcare expenses? Those days are gone! Medcom can eliminate extra paperwork for verification of debit card payments and reimbursements.

**Step 1:** Have your Florida Blue member portal sign-in credentials (user ID, password) for you and any dependents with credentials. You may have to register for a Florida Blue account first by going to [www.floridablue.com](http://www.floridablue.com).

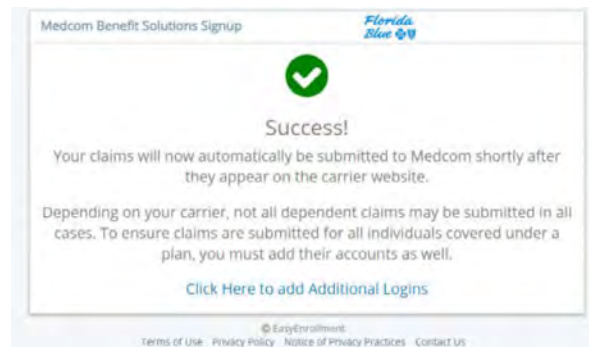

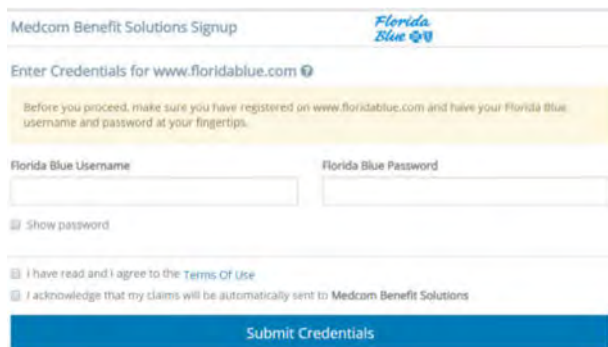

**Step 2:** Login to the Medcom participant portal at <https://medcom.wealthcareportal.com>. Click "Connect Your Plans" on the Dashboard.

**Step 3:** Choose your carrier, Florida Blue, in the drop-down menu.

**Step 4:** Enter the Florida Blue login credentials for you and your dependents with separate logins. **Please note: The connection will not be validated if your Florida Blue login credentials are not valid.**

Medcom will take care of the rest - every time a carrier issues an EOB, Medcom will retrieve this information automatically, match it to your debit card swipes, and automatically substantiate your claims.
