*Date Change

Vaccination clinics are back onsite for employees enrolled on SJC insurance! Vaccines will be administered on a first come, first serve basis, and are available for employees only.

The following vaccines will be offered:

Recombinant Zoster (Shingles), Hepatitis A, Hepatitis B, Tdap (tetanus, diphtheria and pertussis), MMR (Measles, Mumps and Rubella), HPV, Pneumonia, Pfizer COVID-19, and Influenza (Flu Shot).

Unable to attend one of the onsite clinics?

If you are in need of a vaccine or booster; visit any CVS network pharmacy (includes most Publix and Walgreens locations) or schedule an appointment with your healthcare provider for preventative vaccines. Wellness vaccines are covered by the County at 100%. Contact the pharmacy first to ensure the vaccine is on hand.
